— PRODUCED IN FRANCE —

SKIN CLEANSING AND TONING PRODUCTS

SILKY CLEANSING MILK

Ref. 1L21P

For professional use 500 ml

PRODUCT TYPE:

- cleansing milk

SKIN TYPE / CONDITION:

- all skin types
- suitable for the care of sensitive skin

PRODUCT DESCRIPTION:

A milk with a velvety texture is suitable for all skin types, even the most sensitive ones. Thoroughly cleanses the skin, removing impurities and makeup, while maintaining its natural balance. The skin becomes smoother, firmer and more radiant due to the protective, regenerating and moisturizing action of the ingredients included in the composition.

EFFECTS & BENEFITS:

- thoroughly removes makeup and impurities while maintaining the natural balance of the skin
- combining the beneficial properties of active ingredients and a pleasant creamy texture, the milk perfectly prepares the skin for subsequent stages of care
- easy to apply and remove
- gives the skin an amazing feeling of tone, lightness and freshness

ACTIVE INGREDIENTS

| | |
|----------------------------|---|
| COTTON EXTRACT | A natural concentrated plant extract, consistent with the philosophy of bio-cosmetics. Due to the high content of essential amino acids and oligosaccharides with different molecular weights, it softens and soothes sensitive skin, prevents irritation, improves the appearance of the skin, conditions, gives smoothness and a feeling of softness, freshness and comfort. |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucin), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |
| VEGETABLE GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Glycerin, Isopropyl Palmitate, Dicaprylyl Carbonate, Glyceryl Stearate Se, Cetyl Alcohol, Phenoxyethanol, Sodium Stearoyl Glutamate, Chlorphenesin, Xanthan Gum, Gossypium Herbaceum (Cotton) Fruit Water, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Disodium Edta, Parfum (Fragrance), Tromethamine, Laminaria Digitata Extract, Sodium Chloride, Tocopherol, Potassium Sorbate, Acetic Acid

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it daily to cleanse the skin. Apply the milk onto face and neck by gentle circular motions. Massage gently and remove with a moist tissue.

SKIN CLEANSING AND TONING PRODUCTS

SKIN CLEANSING POWDER

Ref. P00141

For professional use 30 g

For home use 30 g

PRODUCT TYPE:

- skin cleansing powder

SKIN TYPE / CONDITION:

- all skin types
- combination skin / oily skin
- acne-prone skin and (or)
- skin with post-inflammatory hyperpigmentation (so-called post-acne)

PRODUCT DESCRIPTION:

Suitable for all skin types. It is especially recommended for the care of oily, combination and acne-prone skin.

A real innovation, when in contact with water, this powder turns into a creamy ultra-soft foam. It contains extracts of burdock and aloe, niacinamide and allantoin. Deeply cleanses the skin, removes keratinized cells, impurities and excess sebum from the surface of the epidermis, normalizes the pH balance of the skin, improves the skin complexion.

EFFECTS & BENEFITS:

- effectively removes keratinized cells, impurities and excess sebum
- promotes intensive renewal of the skin
- does not dry the skin
- gives the skin a feeling of freshness and purity
- optimally prepares the skin for subsequent stages of care
- thanks to its special texture, it is easy to apply and remove

ACTIVE INGREDIENTS

| | |
|--------------------------|--|
| BURDOCK EXTRACT | It is a source of vegetable sugars, flavonoids, minerals, tannins and proteins. It has a soothing effect on the skin, optimizes the function of the sebaceous glands, improves the complexion and gives the skin a healthy appearance. |
| ALOE VERA EXTRACT | It is a valuable source of biologically active substances (contains essential oils, amino acids, minerals, vitamins, enzymes), but to the greatest extent its healing properties are provided by polysaccharides, namely polymannan (polymannose), or acemannan. Acemannan refers to polysaccharides that have a stimulating effect on the nonspecific immunity of the skin. A stimulant of nonspecific immunity increases the skin's resistance to infections, accelerates wound healing, and protects the skin from UV radiation. It has a pronounced soothing effect. Eliminates symptoms such as itching, irritation, redness and flaking. |
| NIACINAMIDE (VITAMIN B3) | It stimulates microcirculation in the skin, reduces hyperpigmentation, irritation and red spots on the skin, eliminates painful and yellowish complexion. |
| ALLANTOIN | A delicate keratolytic. It softens dead cells, contributing to their timely exfoliation. As a result, the skin becomes softer and smoother, its natural glow is revealed. |

INCI: Sorbitol, Sodium Cocoyl Glutamate, Zea Mays (Corn) Starch, Talc, Arctium Lappa Leaf Extract, Niacinamide, Allantoin, Parfum (Fragrance), Aloe Barbadensis Leaf Juice Powder, Aluminum Hydroxide, Limonene, Citral, CI 19140 (Yellow 5 Lake)

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it to cleanse the skin. The frequency of use depends on the type of skin (for oily and combination skin prone to acne - daily, for normal skin - 2-3 times a week).

Moisten your hands, lather a small amount of powder. Gently apply the foam to the skin with your hands or a brush and massage in a circular motion. Rinse off with warm water.

Do not apply to the eye area. In case of contact with eyes, rinse immediately with clean water.

SKIN CLEANSING AND TONING PRODUCTS

GENTLE EXFOLIATING GEL

Ref. 1P0025

For professional use 100 ml

For home use 100 ml

PRODUCT TYPE:

- exfoliating gel

SKIN TYPE / CONDITION:

- all skin types
- sensitive skin
- skin with a tendency to rosacea and dehydration

PRODUCT DESCRIPTION:

This gel cleanses the skin effectively and gently, without having an aggressive effect. It stimulates cellular renewal, removes excess keratinized cells, improves microrelief of the skin, tightens pores, brightens and evens tone. The skin reflects light better.

The unique texture of the gel gives an amazing moment of relaxation: with light massage movements, it turns from a thick gel into a gentle oil, and then, upon contact with water, into a delicious milk. It is especially recommended for the care of sensitive skin, skin with a tendency to rosacea and dehydration.

EFFECTS & BENEFITS:

- cleanses the skin effectively and gently, without exerting an aggressive effect
- stimulates cellular renewal
- removes excess keratinized cells, improves microrelief of the skin, tightens pores
- brightens and evens the skin tone
- optimally prepares the skin for subsequent stages of care

ACTIVE INGREDIENTS

| | |
|---|---|
| ASSOCIATION OF GIGARTINA STELLATA ALGAE EXTRACT & SPIRULINA EXTRACT | An anti-aging active complex, it consists of extracts of two algae, which act in synergy and fight the signs of aging. Red algae <i>Gigartina Stellata</i> Algae and blue microalgae <i>Spirulina</i> combine to stimulate the natural protective functions of the epidermis to protect the skin from external aggressions and improve the elasticity and youthfulness of the skin by activating the synthesis of collagen and elastin. |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucin), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |
| ALPHA-HYDROXY ACIDS (AHA) EXTRACTED FROM ALGAE | These are active ingredients with an exfoliating effect, accelerate skin renewal, tighten pores, fight imperfections and evens the microrelief of the skin. |
| GEL-LIKE BASE | This base ensures the transformation of the gel into oil, making cleansing thorough and pleasant. |
| VEGETABLE GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Ethylhexyl Palmitate, Aqua (Water), Octyldodeceth-25, Sorbitol, Glycerin, Methyl Gluceth-10, Parfum (Fragrance), Phenoxyethanol, Propylene Glycol, Chlorphenesin, Mica, Lactic Acid, Maris Aqua (Sea Water), Chlorhexidine Digluconate, Ci 77891 (Titanium Dioxide), Malic Acid, Sodium Hydroxide, Laminaria Digitata Extract, Spirulina Platensis Extract, Chondrus Crispus Extract, Gigartina Stellata Extract, Potassium Sorbate

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it 1-2 times a week. Apply the gel to the previously cleansed dry skin of the face, neck and décolleté. Perform a light massage until the gel turns into oil. Then rinse with warm water.

Avoid eyes contact. In case of contact, rinse abundantly with clear water.

SKIN CLEANSING AND TONING PRODUCTS

EXFOLIATING ACTIVE MASK

Ref. P00176

For professional use 10 g

For home use 10 g

PRODUCT TYPE:

- exfoliating mask

SKIN TYPE / CONDITION:

- all skin types

PRODUCT DESCRIPTION:

This mask with a high content of pineapple extract and microcapsulated protease stimulates cell renewal and makes the skin more elastic and radiant. It combines smoothing, exfoliating and anti-aging properties in one product.

EFFECTS & BENEFITS:

- has keratolytic, exfoliating effects, tightens pores
- smoothes the skin tone and relief
- stimulates cellular renewal
- does not irritate the skin
- optimally prepares the skin for subsequent stages of care

ACTIVE INGREDIENTS

| | |
|-------------------------------|--|
| PINEAPPLE EXTRACT (BROMELAIN) | One of the reasons for slowing down the renewal of the stratum corneum of the epidermis is a decrease of the activity of proteolytic enzymes that destroy the adhesion between dead horny scales. Because of the accumulation of these scales, the skin looks dull and acquires a gray hue. Bromelain easily cleaves structural chemical bonds, which facilitates the exfoliation of horny scales and the removal of protein impurities from the skin surface. |
| MICROCAPSULATED PROTEASE | Stimulates cellular renewal by removing dead cells and impurities from the surface of the epidermis. |
| COMPLEX OF VALUABLE SUGARS | Softens, intensely moisturizes and restores the structure of the skin. |

INCI: Maltodextrin, Talc, Sodium Carboxymethyl Starch, Ananas Sativus (Pineapple) Fruit Extract, Parfum (Fragrance), Protease

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it for deep cleansing of the skin 1 time per week.

Mix 5 g of powder and 10 ml of water (200 C), mix vigorously until a homogeneous paste is formed. Apply with a brush to the face, neck and décolleté. Avoid contact with the eye area. Gently massage the skin and leave to act for 5 minutes. Rinse thoroughly and pat the skin dry. Complete the procedure with toning.

Avoid eyes contact. In case of contact, rinse abundantly with clear water.

SKIN CLEANSING AND TONING PRODUCTS / ACTIVE SERUMS IN AMPOULES

GLYCOLIC ACID CARE

Ref. AC4107

For professional use 10x3 ml

For home use 10x3 ml

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- all skin types

PRODUCT DESCRIPTION:

HYDRATION, EVEN COMPLEXION, RADIANCE & LUMINOSITY

pH 2,9 +/-0,30

This serum contains glycolic acid for effective and gentle exfoliation and hyaluronic acid for deep hydration of the skin. An excessive accumulation of dead skin cells causes the surface of the skin to thicken and lose its natural sheen. The dead skin cells at the surface of the skin can be dissolved and removed in a particularly gentle manner, without mechanical assistance, with the aid of this serum. The horny layer's moisture content is improved. Stimulation and acceleration of cell division and skin renewal. Areas of unevenness are smoothed. Blocked pores are cleansed.

EFFECTS & BENEFITS:

- stimulates cell division and cellular renewal processes
- cleanses the skin and clogged pores
- visibly lightens pigment spots of any genesis
- reduces the severity of wrinkles, smoothes the skin
- increases the level of skin's hydration, gives radiance
- optimally prepares the skin for further care

ACTIVE INGREDIENTS

| | |
|------------------------|---|
| GLYCOLIC ACID 5,37% | It is extracted from vegetable raw materials, mainly from sugar cane. Due to the small size of the molecule, it has the ability to easily penetrate the surface layers of the skin. Glycolic acid is the most effective of all alpha-hydroxy acids (AHA), it helps to accelerate cellular renewal, removes dead cells, gives uniformity to cellular layers, evens skin tone, stimulates the synthesis of collagen and elastin. It gives the skin smoothness, purity and radiance. |
| HYALURONIC ACID | It intensively moisturizes and restores the protective and moisture-retaining functions of the skin. It forms an air-permeable film on the skin, which makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss (TEWL), and has a lifting effect. |
| GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin |

INCI: Aqua (Water), Glycolic Acid, Glycerin, Ppg-1-Peg-9 Lauryl Glycol Ether, Sodium Hyaluronate, Parfum (Fragrance), Caprylyl Glycol, Disodium Edta, Ammonium Hydroxide, Sodium Hydroxide, Phenoxyethanol, Chlorphenesin, Ci 42090 (Blue 1), Linalool, Citronellol, Geraniol, Hexyl Cinnamal, Limonene, Hydroxycitronellal

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use 1-2 times a week.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean and dry skin. Allow to work in for approximately 5 - 10 minutes. Massage briefly with moist fingertips and remove surplus with sponge and plenty of cool water. Leave out the eye area. Follow with an application of skincare cream. External use.

Glycolic acid may occasionally cause sensory irritation to people with sensitive skin using glycolic acid for the first time. You should discontinue using this product during a few days, and then start little by little.

SKIN CLEANSING AND TONING PRODUCTS

TONING LOTION

Ref. 1T74P

For professional use 500 ml

PRODUCT TYPE:

- toning lotion

SKIN TYPE / CONDITION:

- all skin types
- suitable for the care of sensitive skin

PRODUCT DESCRIPTION:

A unique toning and moisturizing lotion based on seawater with a friendly pH level, provides exceptional hydration and improved skin characteristics due to the content of lotus extracts, pumpkin seeds, algae extracts. Normalizes the pH balance of the skin, soothes.

Suitable for all skin types, even the most sensitive ones.

EFFECTS & BENEFITS:

- removes residues of water and cleaning products
- normalizes the pH balance of the skin, soothes
- gives the skin an amazing feeling of tone, lightness and freshness
- eliminates the unpleasant feeling of tightness of the skin
- optimally prepares the skin for subsequent stages of care

ACTIVE INGREDIENTS

| | |
|---|--|
| OCALENE [®] PATENTED COMPLEX | The patented soothing OCALENE [®] complex, which consists of seawater rich in beneficial trace elements and unique amino acids derived from pumpkin seeds. It inhibits neurogenic inflammation and soothes sensitive skin. |
| COMPLEX BASED ON EXTRACTS OF BLUE AND WHITE LOTUS | It is a physiological source of bioavailable magnesium. Softens and soothes sensitive skin, prevents irritation, improves the appearance of the skin, conditions, gives smoothness and a feeling of softness, freshness and comfort, provides an unsurpassed moisturizing effect. |
| ASSOCIATION OF GIGARTINA STELLATA ALGAE EXTRACT & SPIRULINA EXTRACT | An anti-aging active complex, it consists of extracts of two algae, which act in synergy and fight the signs of aging. Red algae Gigartina Stellata Algae and blue microalgae Spirulina combine to stimulate the natural protective functions of the epidermis to protect the skin from external aggressions and improve the elasticity and youthfulness of the skin by activating the synthesis of collagen and elastin. |
| HYDROLYZED PEARL | In contact with the skin, it forms a protective matrix with the effect of a "second skin". It helps to slow down the glycation process. |
| LACTIC ACID | It is one of the components of the natural moisturizing factor of the skin (NMF). It has a powerful moisturizing effect by stimulating the synthesis of ceramides and fibroblasts responsible for the production of glycosaminoglycans (GAGs). It exhibits keratolic properties - it easily penetrates deep into the epidermis, destroys the intermolecular bonds between the horny scales and causes the process of soft exfoliation of the skin. Neutralizes the effect of free radicals - increases the protective function of the skin. Increases the production of collagen and elastin by stimulating the activity of fibroblasts, provides a lifting effect. It has a whitening effect. |
| VEGETABLE GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Glycerin, Peg-40 Hydrogenated Castor Oil, Parfum (Fragrance), Maris Aqua (Sea Water), Chlorphenesin, Magnesium Pca, Nelumbo Nucifera Flower Water, Nymphaea Caerulea Flower Water, Chlorhexidine Digluconate, Hydrolyzed Pearl, Phenoxyethanol, Maris Sal (Sea Salt), Propylene Glycol, Spirulina Platensis Extract, Potassium Sorbate, Tromethamine, Citric Acid, Gigartina Stellata Extract, Cucurbita Pepo (Pumpkin) Seed Extract, Ci 15985 (Yellow 6), Lactic Acid

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it daily. After cleansing, wipe the skin of the face and neck with a cotton pad soaked in lotion.

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN

PRODUCED IN FRANCE

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN

ACTIVE MOISTURIZING CREAM

Ref. 1C0169P

For professional use 200 ml

PRODUCT TYPE:

- cream

SKIN TYPE / CONDITION:

- normal and dry skin
- mature skin

PRODUCT DESCRIPTION:

This cream with a velvety texture based on seawater deeply hydrates the skin and makes it more luminous. It acts on 3 levels:

1. increases the stock of water in the epidermis;
2. limits moisture evaporation;
3. encourages water diffusion in the epidermis.

It is an excellent base for a bright make-up.

EFFECTS & BENEFITS:

- helps to create an additional depot of moisture in the skin, eliminates the effects of dehydration of the skin, such as dryness and tightness
- strengthens the skin, significantly increases its elasticity and prevents the appearance of flabbiness
- protects from the negative effects of the environment
- has a light, velvety texture, absorbs quickly. It is an excellent makeup base
- restores the barrier and moisture-retaining functions of the skin, soothes

ACTIVE INGREDIENTS

| | |
|----------------------------|---|
| HYALURONIC ACID | High molecular weight hyaluronic acid (MW: 1-1.4 MDa) is obtained by fermentation using renewable resources. It intensively moisturizes and restores the protective and moisture-retaining functions of the skin. It forms an air-permeable film on the skin, which makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss (TEWL), and has a lifting effect. |
| SOYBEAN OIL | It is obtained from ground soybeans by pressing or extraction. The most valuable component in its composition is lecithin (phosphatidylcholine). Lecithin is found in the tissues of all living organisms and is one of the main structural components of cell membranes, so it is perfectly compatible with the skin. This means that the skin can absorb lecithin, using it to build its own protective layer. It stimulates the active regeneration and renewal of epidermal cells, increasing the protective functions of the skin, relieves inflammation and irritation. |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucin), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |
| SQUALANE | Due to its natural compatibility with the skin, it easily penetrates through the epidermis, leaving no feeling of greasiness, while giving the skin softness and silkiness. Delays the appearance of signs of premature aging. |
| SEA WATER | It contains more than 50 types of ionized trace elements: calcium, magnesium, potassium, zinc, silicon and other components. This unique composition allows seawater to provide pronounced revitalizing, stimulating and protective effects on the skin. |

INCI: Aqua (Water), Maris Aqua (Sea Water), Isononyl Isononanoate, Caprylic/Capric Triglyceride, Glycerin, Pentylene Glycol, Cetearyl Alcohol, Dimethicone, Coco-Caprylate/Caprate, Glyceryl Stearate, Peg-100 Stearate, Arachidyl Alcohol, Cetearyl Glucoside, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Phenoxyethanol, Behenyl Alcohol, Squalane, Parfum (Fragrance), Chlorphenesin, Arachidyl Glucoside, Sodium Hyaluronate, Xanthan Gum, O-Cymen-5-Ol, Polysorbate 60, Glycine Soja (Soybean) Oil, Sorbitan Isostearate, Laminaria Digitata Extract, Tocopherol, Beta-Sitosterol, Squalene, Potassium Sorbate, Acetic Acid, Ci 14700 (Red 4)

HOW TO USE: In professional care, use according to the rules of the procedure.

At home use it daily, apply the cream in morning and/or evening onto clean and dry skin (face and neck) with light circular motions, until the complete absorption of the product.

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN

MOISTURIZING BUBBLE MASK

Ref. 1M0115

For professional use 30 ml

For home use 30 ml

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- normal and dry skin
- dull / tired skin
- mature skin

PRODUCT DESCRIPTION:

A mask with an innovative formula for oxygenation therapy. Oxygenation therapy is based on intensive oxygenation of the skin to restore intracranial metabolism and vital functions of skin cells. Enhances tissue microcirculation, triggers the physiological dermal process of gas exchange, accelerates self-healing at the cellular level. Promotes the elimination of toxins.

The result exceeds expectations: smooth, clean, radiant skin.

EFFECTS & BENEFITS:

- provides a fresh, radiant complexion by improving microcirculation and oxygenating the skin
- provides a pronounced detox effect
- eliminates signs of dehydration: dryness, tightness and peeling
- improves the skin tone and elasticity with a visible lifting effect
- reduces the severity of wrinkles by activating cellular metabolism
- protects it from the negative effects of the environment

ACTIVE INGREDIENTS

| | |
|---------------------------------|--|
| OXYGESKIN ® PATENTED COMPLEX | Rich in polysaccharides derived from nasturtium, the Oxygeskin ® complex enhances the skin's ability to overcome hypoxic stress and facilitates the transport of oxygen into cells. By promoting the oxygenation of skin cells, this active ingredient noticeably improves the condition of the skin surface, giving it a healthy glow. |
| PURISOFT ® PATENTED COMPLEX | A peptide obtained by extracting the seeds of Moringa, a tree native to India. It softens, moisturizes, protects the skin from the harmful effects of the environment, including tobacco smoke and urban dust, and neutralizes free radicals - in general, it acts as an invisible shield, reflecting aggression from the outside. Improves the skin's immunity and its protective functions. |
| LACTIC ACID | It is one of the components of the natural moisturizing factor of the skin (NMF). It has a powerful moisturizing effect by stimulating the synthesis of ceramides and fibroblasts responsible for the production of glycosaminoglycans (GAGs). It exhibits keratolic properties - it easily penetrates deep into the epidermis, destroys the intermolecular bonds between the horny scales and causes the process of soft exfoliation of the skin. Neutralizes the effect of free radicals - increases the protective function of the skin. Increases the production of collagen and elastin by stimulating the activity of fibroblasts, provides a lifting effect. It has a whitening effect. |
| MALTODEXTRIN | Maintains an optimal level of skin hydration for a long time. |
| VEGETABLE GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Glycerin, Perfluorohexane, Sodium Polyacrylate, Sodium Laureth Sulfate, Phenoxyethanol, Parfum (Fragrance), Perfluoromethylcyclopentane, Lactic Acid, Linalool, Tropaeolum Majus Flower/Leaf/Stem Extract, Alcohol Denat., Geraniol, Citronellol, Maltodextrin, Moringa Oleifera Seed Extract, Ethylhexylglycerin, CI 19140 (Yellow 5), CI 42090 (Blue 1)

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it once a week, more often if necessary. Apply a thin layer to the skin of the face, neck and décolleté. Avoid contact with the eye area. The exposure time is 15-20 minutes. 3-5 minutes before the expiration of the exposure time, emulsify the mask with wet hands. Give the mask act for 3-5 minutes. Then remove the residues with a moist tissue or water.

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN

OLIVE PEEL-OFF MASK

Ref. H018

For professional use 30 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- dry / dehydrated skin
- thin skin / skin prone to dryness and flaking
- skin with signs of age-related changes
- barrier disordered skin

PRODUCT DESCRIPTION:

This mask has a delicate texture.

The mask combines both the olive oil and olive leaves properties and creates a nourishing and rejuvenating treatment. Olive oil cares for the skin with its high-quality fatty acid composition and leaves it smooth and soft. Olive leaves neutralizes free radicals that harm cells.

EFFECTS & BENEFITS:

- intensively nourishes and moisturizes the skin, gives it a feeling of comfort
- improves skin texture and elasticity
- protects cells from the action of free radicals, helps fight the signs of premature aging
- restores clear contours to the face

ACTIVE INGREDIENTS

| | |
|---------------------------------|---|
| OLIVE LEAF POWDER AND OLIVE OIL | Olive oil is a mixture of unsaturated fatty acids (oleic, linolenic, α -linolenic), rich in carotenoids (provitamin A) and tocopherols (vitamin E). Leaf powder and olive oil, working in synergy, increase the elasticity and softness of the skin, protect cells from the action of free radicals, and fight the signs of premature aging. |
| BROWN ALGAE EXTRACT /ALGIN/ | Algin is a natural polysaccharide extracted from brown seaweed. A gel-like substance with moisturizing, smoothing and oval-modeling effects. |

INCI: Diatomaceous Earth, Algin, Calcium Sulfate, Tetrasodium Pyrophosphate, Olea Europaea (Olive) Fruit Oil, Olea Europaea (Olive) Leaf Powder, Silica, Ci 77492 (Iron Oxides)

HOW TO USE: In professional care, use according to the rules of the procedure.

In a bowl, pour 90 ml of water at 20°C on the 30 g of powder. Mix vigorously until you obtain a homogeneous paste. Apply immediately to the face avoiding the eye contour area. Leave it act for 15 minutes. Remove it in one piece.

Precautions for use: Do not breathe dust. In case of eye contact, rinse with water.

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN

COLLAGEN SHEET MASK

Ref. 1S64

For professional use 23 ml

For home use 23 ml

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- normal / dry skin
- mature skin

PRODUCT DESCRIPTION:

This mask was created to help the skin maintain and restore its hydro-lipidic balance. It restores the barrier functions of the skin, intensively moisturizes, prevents transepidermal water loss, reduces the sensitivity and reactivity of the skin and increases the tolerance of the skin to external influences.

EFFECTS & BENEFITS:

- increases firmness, elasticity, deeply moisturizes
- corrects existing signs of aging (superficial and deep wrinkles) and prevents the appearance of new ones,
- restores the barrier and moisture-retaining functions of the skin
- stimulates the synthesis of collagen and elastin, hyaluronic acid

ACTIVE INGREDIENTS

| | |
|---|--|
| NATURAL MARINE COLLAGEN IN A NATURALLY IDENTICAL INTACT STRUCTURE | An amino acid cocktail containing a large amount of proline and glycine. It has a high penetrating power, has a positive effect on the functional state of the skin, promotes intensive hydration and compensates for the loss of amino acids in the skin. It has a moisturizing, regenerative and healing effect. |
| VITAMIN E | It improves the complexion of the face by removing toxins, activates regenerative processes in the skin, improving its blood supply and moisturizing it. It has the property of rapid wound healing, soothes the skin, relieves the condition of the skin in case of sunburn and other thermal effects. Protects the skin from photoaging caused by UV radiation, reduces the risk of melanoma and other forms of skin cancer. |

INCI: Aqua (Water), Hydrolyzed Collagen, Phenoxyethanol, Lysolecithin, Sclerotium Gum, Caprylyl Glycol, Chlorphenesin, Pullulan, Xanthan Gum, Parfum (Fragrance), Tocopherol, Sodium Phytate, Silica, Limonene, Linalool, Geraniol, Alcohol

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it once a week, more often if necessary.

Open the sachet and unfold the mask. Apply the mask on cleansed skin. Hang the mask on the ears with the upper ear loops and then place the lower loops on the ears.

Leave for 15 minutes for exposure, then remove the mask and absorb the remaining serum with light massage movements.

! «FUNKY» VARIANT WITH THESE EAR HOOKS.
THIS SHAPE ALLOWS TO MAINTAIN AND STRENGTHEN THE LIFTING EFFECT.

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN / ACTIVE SERUMS IN AMPOULES

MOISTURIZING COMPLEX

Ref. AA6908

For professional use 10x3 ml

For home use 10x3 ml

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- dehydrated / dry skin
- thin skin / skin prone to dryness and flaking
- skin with signs of age-related changes

PRODUCT DESCRIPTION:

HYDRATION

This serum is recommended for the care of dehydrated, dry, and damaged skin. Intensive hydration and instant revitalization of the skin are provided through powerful active ingredients: cornflower flower extract, linden flower extract, hyaluronic and lactic acids. This serum is a treatment with a freshness boost for a vibrant, fresh complexion. In addition, it forms an invisible and soft film that protects the skin and maintains its balance. When used regularly, the serum reduces fine lines and wrinkles caused by dehydration.

EFFECTS & BENEFITS:

- intensively moisturizes, has a sustained effect
- smoothes wrinkles caused by dryness
- provides a lifting effect
- increases firmness and elasticity

ACTIVE INGREDIENTS

| | |
|---------------------------|--|
| CORNFLOWER FLOWER EXTRACT | Prevents aging by neutralizing the action of free radicals, moisturizes, and has a beneficial effect on the condition of capillaries. |
| LINDEN FLOWER EXTRACT | Has antioxidant, soothing, immunomodulatory and brightening effects. |
| HYALURONIC ACID | High molecular weight hyaluronic acid (MW: 1-1.4 MDa) is obtained by fermentation using renewable resources. It intensively moisturizes and restores the protective and moisture-retaining functions of the skin. It forms an air-permeable film on the skin, which makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss (TEWL), and has a lifting effect. |
| LACTIC ACID | It is one of the components of the natural moisturizing factor of the skin (NMF). It has a powerful moisturizing effect by stimulating the synthesis of ceramides and fibroblasts responsible for the production of glycosaminoglycans (GAGs). It exhibits keratolic properties - it easily penetrates deep into the epidermis, destroys the intermolecular bonds between the horny scales and causes the process of soft exfoliation of the skin. Neutralizes the effect of free radicals - increases the protective function of the skin. Increases the production of collagen and elastin by stimulating the activity of fibroblasts, provides a lifting effect. It has a whitening effect. |
| GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Glycerin, Peg-7 Glyceryl Cocoate, Ppg-1-Peg-9 Lauryl Glycol Ether, Phenoxyethanol, Caprylyl Glycol, Sodium Hyaluronate, Disodium Edta, Chlorphenesin, Parfum (Fragrance), Propylene Glycol, Lactic Acid, Sodium Hydroxide, Centaurea Cyanus Flower Extract, Tilia Platyphyllos Flower Extract, Citric Acid, Potassium Sorbate, Sodium Benzoate

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

CARE PRODUCTS FOR DRY AND DEHYDRATED SKIN / ACTIVE SERUMS IN AMPOULES

HYALURONIC ACID CARE

Ref. AG6105

For professional use 10x2 ml

For home use 10x2 ml

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- dehydrated / dry skin
- thin skin / skin prone to dryness and flaking
- skin with signs of age-related changes
- sensitive skin

PRODUCT DESCRIPTION:

DEEP HYDRATION & SOOTHING

This serum is your go-to solution for an immediate, all-encompassing surge of hydration and calming. It contains hyaluronic acid and cotton extract. Hyaluronic acid provides instant and long-lasting skin hydration, restores the barrier and moisture-retaining functions of the skin, diminishes the visibility of dehydration-induced wrinkles and restores elasticity and firmness. Cotton extract softens and soothes sensitive skin, prevents irritation, improves the appearance of the skin, conditions, gives smoothness and a feeling of softness, freshness and comfort.

EFFECTS & BENEFITS:

- intensively moisturizes, has a sustained effect
- restores the barrier and moisture-retaining functions of the skin
- smoothes wrinkles caused by dryness
- increases firmness and elasticity
- softens and soothes the skin, prevents irritation, improves the appearance of the skin

ACTIVE INGREDIENTS

| | |
|-----------------|---|
| HYALURONIC ACID | High molecular weight hyaluronic acid (MW: 1-1.4 MDa) is obtained by fermentation using renewable resources. It intensively moisturizes and restores the protective and moisture-retaining functions of the skin. It forms an air-permeable film on the skin, which makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss (TEWL), and has a lifting effect. |
| COTTON EXTRACT | A natural concentrated plant extract, consistent with the philosophy of bio-cosmetics. Due to the high content of essential amino acids and oligosaccharides with different molecular weights, it softens and soothes sensitive skin, prevents irritation, improves the appearance of the skin, conditions, gives smoothness and a feeling of softness, freshness and comfort. |
| GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Glycerin, Sodium Hyaluronate, Gossypium Herbaceum (Cotton) Extract, Caprylyl Glycol, Peg-40 Hydrogenated Castor Oil, Peg/Ppg-18/18 Dimethicone, Chlorphenesin, Phenoxyethanol

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

CARE PRODUCTS FOR SENSITIVE SKIN

PRODUCED IN FRANCE

CARE PRODUCTS FOR SENSITIVE SKIN

SENSITIVE SKIN CREAM

Ref. 1C0160P

For professional use 200 ml

PRODUCT TYPE:

- cream

SKIN TYPE / CONDITION:

- sensitive skin / barrier disordered skin
- reactive skin with a tendency to rosacea and dehydration

PRODUCT DESCRIPTION:

This cream was created to help the skin maintain and restore its hydro-lipidic balance. It restores the barrier characteristics of the skin, intensively moisturizes, prevents transepidermal water loss, reduces the sensitivity and reactivity of the skin and increases the tolerance of the skin to external influences.

EFFECTS & BENEFITS:

- restores comfort, soothes and moisturizes the skin
- normalizes the sensitivity of skin receptors
- reduces hyperreactivity of the skin
- minimizes the risk of allergic reactions
- enhances the natural protection of the skin and strengthens the epidermal barrier

ACTIVE INGREDIENTS

| | |
|--------------------------------|---|
| ACETYL DIPEPTIDE-1 CETYL ESTER | It serves as a "cosmetic antidepressant" and belongs to the category of neurotransmitter peptides, whose function is to transmit signals and regulate cellular interaction. It gives the skin zen, relaxation and serenity. This peptide presents in our body and is quite natural for our body. It affects skin cells and causes them to synthesize a substance with the complex name proopiomelanocortin (an inactive precursor of meth-enkephalin). Under the action of enzymes, it turns into endorphins and enkephalins. They, in turn, bind to the pain and temperature receptors of our skin, as a result of which they provide a soothing and analgesic effect. Thus, the peptide not only relieves irritation and redness, but also reduces the painful sensations of subcutaneous inflammation or severe tightness. This peptide also works as a light neuromuscular blocking agent. It slows down the transmission of nerve impulses and controls facial contractions. |
| SQUALANE | Due to its natural compatibility with the skin, it easily penetrates through the epidermis, leaving no feeling of greasiness, while giving the skin softness and silkiness. Delays the appearance of signs of premature aging. |
| OCALENE® PATENTED COMPLEX | The patented soothing OCALENE® complex, which consists of seawater rich in beneficial trace elements and unique amino acids derived from pumpkin seeds. It inhibits neurogenic inflammation and soothes sensitive skin. |
| FUCOGEL® PATENTED COMPLEX | A moisturizing active ingredient based on a high-molecular polysaccharide of biotechnological origin, forming an air-breathable film that makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss, has a lifting effect. |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucin), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |
| SHEA BUTTER | It has anti-inflammatory, protective, regenerating properties and estrogen-modulating effect. It promotes the synthesis of collagen, a protein responsible for the elasticity and youthfulness of the skin. |
| VITAMIN E | It improves the complexion of the face by removing toxins, activates regenerative processes in the skin, improving its blood supply and moisturizing it. It has the property of rapid wound healing, soothes the skin, relieves the condition of the skin in case of sunburn and other thermal effects. Protects the skin from photoaging caused by UV radiation, reduces the risk of melanoma and other forms of skin cancer. |
| VEGETABLE GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Caprylic/Capric Triglyceride, Squalane, Cetearyl Alcohol, Ethylhexyl Palmitate, Pentylene Glycol, Maris Aqua (Sea Water), Glycerin, Glycol Palmitate, Coco-Caprylate/Caprate, Butyrospermum Parkii (Shea) Butter, Cetearyl Glucoside, Butylene Glycol, Tocopheryl Acetate, Propylene Glycol, Chlorphenesin, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, O-Cymen-5-OL, Phenoxyethanol, Laureth-3, Biosaccharide Gum-1, Polysorbate 60, Potassium Sorbate, Hydroxyethylcellulose, Laminaria Digitata Extract, Citric Acid, Acetyl Dipeptide-1 Cetyl Ester, Sorbitan Isostearate, Cucurbita Pepo (Pumpkin) Seed Extract, Tocopherol, Biotin

HOW TO USE: In professional care, use according to the rules of the procedure.

At home use it daily, apply the cream in morning and/or evening onto clean and dry skin (face and neck) with light circular motions, until the complete absorption of the product.

CARE PRODUCTS FOR SENSITIVE SKIN

SHAKER MASK WITH ALOE VERA AND ROSE PETALS

Ref. P00267A

For professional use 15 g

For home use 15 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- all skin types
- sensitive skin
- barrier disordered skin
- reactive skin with a tendency to rosacea and dehydration

PRODUCT DESCRIPTION:

A shaker mask with anti-aging and soothing effects for skin care of any type. The mask is especially recommended for the care of sensitive and reactive skin. It has a delicate gel texture. It contains the patented BIOECOLIA[®] complex, aloe vera extract, pomegranate flower extract, vitamin C and crushed rose petals. It soothes, reduces hyperreactivity of the skin, reduces redness, corrects existing signs of aging and prevents the appearance of new ones, improves the complexion.

EFFECTS & BENEFITS:

- soothes the skin and reduces hyperreactivity of the skin
- reduces redness
- deeply moisturizes and improves the complexion
- corrects existing signs of aging and prevents the appearance of new ones (superficial and deep wrinkles, hyperpigmentation)
- strengthens the epidermal barrier

ACTIVE INGREDIENTS

| | |
|---|--|
| BIOECOLIA [®] PATENTED COMPLEX | A prebiotic is an oligosaccharide derived from natural sugars. It helps to create the necessary conditions for maintaining a healthy skin microbiome, and as a result, increases skin resistance and reduces excessive sensitivity and discomfort of the skin. |
| ALOE VERA EXTRACT | It is a valuable source of biologically active substances (contains essential oils, amino acids, minerals, vitamins, enzymes), but to the greatest extent its healing properties are provided by polysaccharides, namely polymannan (polymannose), or acemannan. Acemannan refers to polysaccharides that have a stimulating effect on the nonspecific immunity of the skin. A stimulant of nonspecific immunity increases the skin's resistance to infections, accelerates wound healing, and protects the skin from UV radiation. It has a pronounced soothing effect. Eliminates symptoms such as itching, irritation, redness and flaking. |
| ANTI-AGING COMPLEX /POMEGRANATE FLOWER EXTRACT + VITAMIN C/ | The active anti-aging complex contains pomegranate flower extract and a stable form of vitamin C in the form of sodium ascorbyl phosphate. Working in synergy, enhancing each other's beneficial properties, pomegranate flower extract and vitamin C inactivate free radicals, stimulate fibroblasts, increase the synthesis of collagen and elastin, improve skin immunity and its protective functions, accelerate mitosis of basal cells, control the secretory activity of sebaceous glands, normalize melanin production, lighten hyperpigmentation. Possessing pronounced antioxidant properties, the extract neutralizes free radicals, slows down the onset of age-related changes and protects the skin from the destructive effects of harmful factors. Sodium ascorbyl phosphate is a water-soluble, gentle form of vitamin C that is more stable than pure ascorbic acid. It is a combination of ascorbic acid, phosphate and salt. This form of vitamin C is used to care for sensitive and reactive skin. This is due to the fact that sodium ascorbyl phosphate must undergo an enzymatic process in the skin, which converts it into biologically active L-ascorbic acid. This process minimizes the risk of possible adverse reactions (discomfort, irritation, etc.). |
| ROSE PETALS | It has a toning effect and makes this stage of skin care especially sensual. |

INCI: Maltodextrin, Sodium Carboxymethyl Starch, Rosa Centifolia Flower Powder, Alpha-Glucan Oligosaccharide, Aloe Barbadensis Leaf Juice Powder, Parfum (Fragrance), Punica Granatum Flower Extract, Sodium Ascorbyl Phosphate, Aluminum Hydroxide, Ci 73360 (Red 30 Lake)

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it once a week, more often if necessary.

Pour 30/15 ml of water at 20°C in the shaker. Add 15/7,5 g powder. Close the shaker and shake vigorously for a few seconds until a gentle mousse is obtained. Immediately apply the product in a thick layer on the whole face and neck, avoiding the eye area. Leave on for 7-10 minutes. Remove the mask with a damp sponge, and then rinse with water.

CARE PRODUCTS FOR SENSITIVE SKIN

BILBERRY & VITAMIN C PEEL-OFF MASK

Ref. H011

For professional use 30 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- sensitive skin
- reactive skin

PRODUCT DESCRIPTION:

Due to the content of bilberry extract, this mask soothes, eliminates discomfort, relieves stress and protects, strengthening the barrier function of the skin. Vitamin C, having a powerful antioxidant effect, protects the skin from the destructive effects of free radicals and helps prevent premature skin aging.

The balance of the skin is restored, its resistance increases, the skin reacts less to stress and environmental influences.

EFFECTS & BENEFITS:

- soothes, eliminating the feeling of discomfort
- has an antioxidant effect
- strengthens the barrier function of the skin
- restores the balance of the skin, increases its resistance to the negative effects of the environment
- restores clear contours to the face

ACTIVE INGREDIENTS

| | |
|-----------------------------|--|
| BILBERRY EXTRACT | Bilberry are rich in anthocyanins, a type of flavonoids that reduce vascular permeability, improve vascular wall tone, stimulate capillary blood flow, and have anti-inflammatory and soothing properties. |
| VITAMIN C | It has a powerful antioxidant effect, stimulates fibroblasts, increases the synthesis of collagen and elastin, improves skin immunity and its protective functions, accelerates mitosis of basal cells, normalizes melanin production, lightens hyperpigmentation and post-acne marks. |
| BROWN ALGAE EXTRACT /ALGIN/ | Algin is a natural polysaccharide extracted from brown seaweed. A gel-like substance with moisturizing, smoothing and oval-modeling effects. |

INCI: Diatomaceous Earth, Algin, Calcium Sulfate, Tetrasodium Pyrophosphate, Sodium Ascorbate, Maltodextrin, Vaccinium Myrtillus Fruit Extract, Parfum (Fragrance), Magnesium Oxide, CI 77007 (Ultramarines), CI 12085 (Red 36), Silica, Benzyl Salicylate, Linalool, Hexyl Cinnamal, Citronellol, Kaolin, Cinnamyl Alcohol, Eugenol

HOW TO USE: In professional care, use according to the rules of the procedure.

In a bowl, pour 90 ml of water at 20°C on the 30 g of powder. Mix vigorously until you obtain a homogeneous paste. Apply immediately to the face avoiding the eye contour area. Leave it act for 15 minutes. Remove it in one piece.

Precautions for use: Do not breathe dust. In case of eye contact, rinse with water.

CARE PRODUCTS FOR SENSITIVE SKIN / ACTIVE SERUMS IN AMPOULES

CALENDULA CARE

Ref. AM0500

For professional use 10x3 ml

For home use 10x3 ml

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- sensitive skin
- stressed skin

PRODUCT DESCRIPTION:

SOOTHING & CORRECTION OF STRESS TRACES

This serum instantly soothes and calms sensitive skin and stressed skin. A finely tuned complex of active ingredients consisting of calendula flower extract and apricot kernel oil exerts calming, soothing and protecting effects and supports the skin regeneration. The calendula flower extract contains phytosterols, saponins, carotenoids. It helps relieve the skin discomfort, it reduces feelings of tension for a more relaxed skin sensation. The apricot kernel oil is rich in unsaturated fatty acids and in vitamins A and E. It nourishes, supports the skin regeneration and strengthen the skin barrier to make the skin more resilient to external influences.

EFFECTS & BENEFITS:

- has a soothing and protective effect and stimulates the skin regeneration
- reduces the feeling of tension, provides instant comfort and improves the condition of reactive skin for a long time
- restores the barrier function and increases the skin's resistance to external irritating factors
- nourishes, moisturizes and softens the skin
- has a light texture, absorbs quickly, creating a feeling of maximum comfort

ACTIVE INGREDIENTS

| | |
|--------------------------|---|
| CALENDULA FLOWER EXTRACT | Calendula flowers contain triterpenoids, flavonoids, carotenoids, essential oil, organic acids, the bitter substance calendin, tannins, resins, saponins, phytoncides. It has a pronounced soothing, protective, anti-inflammatory, wound healing, bactericidal effect; improves skin regeneration processes; strengthens capillaries, restores sensitive skin, blocks the mechanisms of cell aging. |
| APRICOT KERNEL OIL | Rich in unsaturated fatty acids and vitamins A and E. It helps to restore the barrier properties of the skin, increases its ability to retain moisture, intensively nourishes the skin. |

INCI: Aqua (Water), Prunus Armeniaca (Apricot) Kernel Oil, Glyceryl Stearate, Paraffinum Liquidum (Mineral Oil), Cetareth-12, Caprylic/Capric Triglyceride, Cetareth-20, Phenoxyethanol, Caprylyl Glycol, Cetearyl Alcohol, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Cetyl Palmitate, Isohexadecane, Calendula Officinalis Flower Extract, Sorbic Acid, Polysorbate 60, Sorbitan Isostearate

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

CARE PRODUCTS FOR COMBINATION AND OILY SKIN

PRODUCED IN FRANCE

CARE PRODUCTS FOR COMBINATION AND OILY SKIN

MATTIFYING CREAM

Ref. 1C0157P

For professional use 200 ml

PRODUCT TYPE:

- cream

SKIN TYPE / CONDITION:

- combination skin / oily skin
- acne-prone skin

PRODUCT DESCRIPTION:

This cream with an innovative mattifying complex enriched with an African Enantia chlorantha tree bark extract. The cream regulates sebum secretion, limits the risk of inflammation, prevents the appearance of comedones, narrows pores, intensively moisturizes and improves the overall condition of the skin. Thanks to its exceptionally light texture, it is perfectly applied, instantly absorbed, leaving a feeling of freshness and comfort. It is an ideal product for skin care or for use as a makeup base.

EFFECTS & BENEFITS:

- evens out the complexion, gives the skin a matte shade
- normalizes sebaceous gland function and keratinization processes
- limits the risk of inflammation
- provides an optimal level of skin hydration
- suitable for use as both a day and evening cream

ACTIVE INGREDIENTS

| | |
|--------------------------------------|--|
| MATTIFYING COMPLEX | Enriched with an African Enantia chlorantha tree bark extract, this active complex reduces sebum secretion, reduces shine and narrows enlarged pores. |
| RED ALGAE GIGARTINA STELLATA EXTRACT | Helps to combat skin dehydration, stimulates the natural protective functions of the epidermis, protects the skin from external aggressions, and has a significant antioxidant effect. |
| HAMAMELIS VIRGINIANA EXTRACT | Hamamelis, or, as it is also called, "witch hazel", contains glucose, gallonic acid, flavonoids and proanthocyanidins, as well as tannins, providing excellent bactericidal and astringent effect. It has an anti-inflammatory effect, helps to correct the vascular network, refreshes, tones and soothes the skin, narrows pores, restores a healthy complexion. |
| VITAMIN E | It improves the complexion of the face by removing toxins, activates regenerative processes in the skin, improving its blood supply and moisturizing it. It has the property of rapid wound healing, soothes the skin, relieves the condition of the skin in case of sunburn and other thermal effects. Protects the skin from photoaging caused by UV radiation, reduces the risk of melanoma and other forms of skin cancer. |
| MATTIFYING POWDER | Provides an immediate and visible effect, controls the appearance of greasy shine. |
| VEGETABLE GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Ethylhexyl Palmitate, Glycerin, Butylene Glycol, Arachidyl Alcohol, Polymethyl Methacrylate, Behenyl Alcohol, Arachidyl Glucoside, Phenoxyethanol, Tocopheryl Acetate, Parfum (Fragrance), Hamamelis Virginiana (Witch Hazel) Leaf Extract, Propylene Glycol, Hydroxyethyl Acrylate/Sodium Acryloyldimethyl Taurate Copolymer, Chlorphenesin, Squalane, Enantia Chlorantha Bark Extract, Polysorbate 60, Benzyl Salicylate, Alpha-Isomethyl Ionone, Citric Acid, Hexyl Cinnamal, Sorbitan Isostearate, Linalool, Gigartina Stellata Extract, Citronellol, Limonene, Potassium Sorbate, Lactic Acid, Oleanolic Acid, Ci 42090 (Blue 1)

HOW TO USE: In professional care, use according to the rules of the procedure.

At home use it daily, apply the cream in morning and/or evening onto clean and dry skin (face and neck) with light circular motions, until the complete absorption of the product. Do not apply to the eye area.

CARE PRODUCTS FOR COMBINATION AND OILY SKIN

CLAY MASK WITH DANDELION EXTRACT

Ref. 1M0137A

For home use 21 g

For professional use 21 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- all skin types, **except for sensitive and dry skin**
- combination / oily skin
- dull skin / tired, stressed skin

PRODUCT DESCRIPTION:

This mask for skin care of any type. It is especially recommended for the care of oily, combination, dull and tired skin. The mask with a gentle enveloping texture contains the anti-pollution active ingredient based on dandelion extract, rice peptides, white clay, sea water, which working in synergy, deeply cleanse the skin, restore the epidermal barrier, improve microrelief, narrow pores, correct existing signs of aging and prevent the appearance of new ones, give the skin a glow.

It has the shape of a stick, which makes it easy to apply and evenly distribute over the skin.

EFFECTS & BENEFITS:

- gives freshness and radiance to the skin / improves microrelief, narrows pores
- deeply cleanses the skin without causing a feeling of tightness
- corrects existing signs of aging and prevents the appearance of new ones (superficial and deep wrinkles, hyperpigmentation)

ACTIVE INGREDIENTS

| | |
|---|---|
| ACTIVE INGREDIENT FOR PROTECTING THE SKIN FROM THE NEGATIVE EFFECTS OF ENVIRONMENTAL FACTORS BASED ON DANDELION EXTRACT | Obtained from a plant known for its detoxifying properties, this extract Rich in fructans (polymers of fructose molecules), it protects the skin against the effects of pollution associated with the release of inflammatory mediators, and from the oxidation of proteins. Dandelion extract, due to the high content of the prebiotic inulin, helps to create the necessary conditions for maintaining a healthy skin microbiome, and as a result, increases skin resistance and reduces excessive sensitivity and discomfort of the skin. |
| RICE PEPTIDES | The active ingredient consisting of rice di- and tripeptides with a pronounced rejuvenating effect activates the metabolism in the skin, neutralizes the action of free radicals - the main culprits of premature aging, helps to smooth wrinkles, stimulates the processes of regeneration, cellular respiration, hydration and nutrition of the skin. Strengthens the epidermal barrier. |
| SEA WATER | It contains more than 50 types of ionized trace elements: calcium, magnesium, potassium, zinc, silicon and other components. This unique composition allows seawater to have a pronounced revitalizing, stimulating and protective effects on the skin. |
| WHITE CLAY | Kaolin has a cleansing, mild exfoliating, whitening, antioxidant effect, adsorbs sebum and toxins, saturates the skin with trace elements, disinfects. |

INCI: Aqua (Water), Glycerin, Kaolin, Propylene Glycol, Talc, Sodium Stearate, Sodium Palmitate, Pentylene Glycol, Ci 77891 (Titanium Dioxide), Palmitic Acid, Stearic Acid, Maris Aqua (Sea Water), Parfum (Fragrance), Sodium Hydroxide, Phenylpropanol, Propanediol, Caprylyl Glycol, Sodium Benzoate, Hydrolyzed Rice Protein, Taraxacum Officinale (Dandelion) Rhizome/Root Extract, Tocopherol

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, the mask can be used in two ways, adapting to any lifestyle and to the needs of any skin:

- **APPLICATION ONCE A WEEK:** beauty pause for deep cleansing of the skin. The mask restores skin balance, improves microrelief and narrows pores. Result: correction of imperfections, smooth shining tone.

Apply an adequate amount of the mask to cleansed, dry face skin. Avoid contact with the eye area. The exposure time is 5-10 minutes. Remove the mask with a damp sponge, and then rinse with water.

- **DAILY APPLICATION:** to restore radiance and prepare the skin for makeup. The mask smoothes the skin, making it easier to apply makeup. The result: a more even radiant tone, the long- lasting makeup.

In the morning, apply a thin layer of the mask to cleansed, dry skin. Avoid contact with the eye area. The exposure time is 2 minutes. Remove the mask with a damp sponge, and then rinse with water.

CARE PRODUCTS FOR COMBINATION AND OILY SKIN

PURIFYING PEEL-OFF MASK

Ref. H015

For professional use 30 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- combination skin / oily skin
- acne-prone skin

PRODUCT DESCRIPTION:

Due to the content of sea silt extract, Dead Sea salt, lemon essential oil and tea tree essential oil, this mask soothes and refreshes the skin, normalizes the activity of sebaceous glands, narrows pores, gives a healthy, matte complexion.

EFFECTS & BENEFITS:

- relieves inflammation and cleanses the skin, gives it a healthy, matte shade
- normalizes the activity of the sebaceous glands, narrows the pores
- effectively soothes and refreshes the skin
- restores clear contours to the face

ACTIVE INGREDIENTS

| | |
|-----------------------------|---|
| DEAD SEA SALT | The salt, extracted from the Dead Sea, the saltiest sea on our planet, contains a natural complex of biologically active macronutrients (Na, K, Mg, Ca), trace elements (lithium, iron, copper, chromium, manganese, molybdenum, boron, etc.) in a balanced ratio, intercrystalline clay, microincluded gases. Cleanses the skin and removes impurities from it. It has an immunomodulatory effect, narrows pores, evens out skin tone. |
| SEA SILT EXTRACT | This powder, rich in trace elements and minerals, is obtained by grinding and sieving sea silt. After rehydration, it turns into real sea mud, which has cleansing and detoxifying properties. |
| LEMON ESSENTIAL OIL | Lemon essential oil with its fine and fruity scent has an antibacterial and toning effect, lightens hyperpigmentation, provides the skin radiance and freshness to the complexion. |
| TEA TREE ESSENTIAL OIL | Has disinfecting, antiseptic and antibacterial effects. |
| BROWN ALGAE EXTRACT /ALGIN/ | Algin is a natural polysaccharide extracted from brown seaweed. A gel-like substance with moisturizing, smoothing and oval-modeling effects. |

INCI: Diatomaceous Earth, Algin, Calcium Sulfate, Maris Limus Extract (Sea Silt Extract), Tetrasodium Pyrophosphate, CI 77288 (Chromium Oxide Greens), Maris Sal (Sea Salt), CI 77499 (Iron Oxides), Citrus Limon (Lemon) Peel Oil, Limonene, Silica, Melaleuca Alternifolia (Tea Tree) Leaf Oil, Methyl Diisopropyl Propionamide, Citral

HOW TO USE: In professional care, use according to the rules of the procedure.

In a bowl, pour 90 ml of water at 20°C on the 30 g of powder. Mix vigorously until you obtain a homogeneous paste. Apply immediately to the face avoiding the eye contour area. Leave it act for 15 minutes. Remove it in one piece.

Precautions for use: Do not breathe dust. In case of eye contact, rinse with water.

CARE PRODUCTS FOR COMBINATION AND OILY SKIN / ACTIVE SERUMS IN AMPOULES

ZINC GLUCONATE CARE

Ref. AF9313

For professional use 10x3 ml

For home use 10x3 ml

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- combination skin / oily skin
- acne-prone skin

PRODUCT DESCRIPTION:

SKIN CLARIFIER & SKIN PURIFIER

This serum contains zinc gluconate and camphor. It is an effective care in the fight against blemishes, pimples, and excessively shiny skin. Normalizes and stabilizes the skin functions. Regulates sebum production. Supports the skin's natural regeneration activities. Purifies and tightens pores. With regular use of the serum, the skin looks more clarified, and pimples are reduced. In addition, the skin appears matte and excessive oily shine is reduced.

EFFECTS & BENEFITS:

- relieves inflammation, effectively prevents the appearance of comedones
- moisturizes and soothes, improves the skin condition quickly
- normalizes the function of sebaceous glands and keratinization processes
- reduces the oily sheen of the skin and tightens the pores

ACTIVE INGREDIENTS

| | |
|----------------|--|
| ZINC GLUCONATE | Normalizes the work of the sebaceous glands, has bacteriostatic and keratolytic effects, normalizes the process of cellular renewal, helps eliminate inflammatory elements, improves tissue oxygenation, prevents the development of post-acne, evens out the color and texture of the skin. |
| CAMPBOR | A powerful antibacterial substance. In conjunction with zinc, it strengthens the epidermal barrier, prevents the proliferation of bacteria, and maintains the balance of microflora on the surface of the skin. |

INCI: Aqua (Water), Alcohol Denat., Zinc Gluconate, Peg-40 Hydrogenated Castor Oil, Phenoxyethanol, Caprylyl Glycol, Xanthan Gum, Hydroxyethylcellulose, Chlorphenesin, Camphor, Disodium Phosphate, Sodium Phosphate, Polysorbate-60, Ci 19140 (Yellow 5), Ci 42090 (Blue 1)

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, apply in morning and/or evening to a thoroughly cleansed face and neck.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face and neck on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

CARE PRODUCTS FOR MATURE SKIN

PRODUCED IN FRANCE

CARE PRODUCTS FOR MATURE SKIN

AGE-DEFENCE CREAM

Ref. 1C00142P

For professional use 200 ml

PRODUCT TYPE:

- cream

SKIN TYPE / CONDITION:

- mature skin
- skin with impaired tone and elasticity

PRODUCT DESCRIPTION:

A velvety cream based on sea water visibly smoothes wrinkles, makes the skin soft and radiant, protects against the effects of aggressive external factors and preserves the radiance of youth. Contains algae extracts, babassu oil, Matrixyl® (Palmitoyl Pentapeptide-4), grape seed oil, hydrolyzed pearls, the patented moisturizing complex Fucogel®.

EFFECTS & BENEFITS:

- corrects existing signs of aging and prevents the appearance of new ones (superficial and deep wrinkles, hyperpigmentation)
- stimulates the formation of collagen and hyaluronic acid in the skin
- improves skin structure and facial contours
- starts regeneration processes
- protects against the harmful effects of free radicals

ACTIVE INGREDIENTS

| | |
|---|---|
| ASSOCIATION OF GIGARTINA STELLATA ALGAE EXTRACT & SPIRULINA EXTRACT | An anti-aging active complex, it consists of extracts of two algae, which act in synergy and fight the signs of aging. Red algae Gigartina Stellata Algae and blue microalgae Spirulina combine to stimulate the natural protective functions of the epidermis to protect the skin from external aggressions and improve the elasticity and youthfulness of the skin by activating the synthesis of collagen and elastin. |
| BABASSU OIL | Creates a feeling of comfort, has an anti-aging preventive and corrective effect, prevents dehydration of the skin. |
| MATRIXYL® (PALMITOYL PENTAPEPTIDE-4) | The signal peptide, consisting of five amino acid units (lysine-threonine-threonine-lysine-serine), is a copy of a part of the collagen protein chain. The specified amino acid sequence stimulates the synthesis of collagen and elastin in the skin, directly affecting the processes of renewal and restoration, contributes to a noticeable reduction of wrinkles. |
| FUCOGEL® PATENTED COMPLEX | A moisturizing active ingredient based on a high-molecular polysaccharide of biotechnological origin, forming an air-breathable film that makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss, has a lifting effect. |
| GRAPE SEED OIL | It perfectly softens and moisturizes the skin, protecting it from peeling and drying, increases its turgor, elasticity and firmness, accelerates the process of regeneration of the skin, improves the structure and relief of the skin. |
| SQUALANE | Due to its natural compatibility with the skin, it easily penetrates through the epidermis, leaving no feeling of greasiness, while giving the skin softness and silkiness. Delays the appearance of signs of premature aging. |
| HYDROLYZED PEARL | In contact with the skin, it forms a protective matrix with the effect of a "second skin". It helps to slow down the glycation process. |
| NALIDONE MOISTURIZING COMPLEX | Due to its hygroscopicity, it is able to solve two problems at once: to reduce the imperceptible loss of moisture in the outer layers of the epidermis and to ensure the restoration of moisture in its deep layers. It has a long-lasting effect. |
| SEA WATER | It contains more than 50 types of ionized trace elements: calcium, magnesium, potassium, zinc, silicon and other components. This unique composition allows seawater to have a pronounced revitalizing, stimulating and protective effects on the skin. |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucin), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |

INCI: Aqua (Water), Caprylic/Capric Triglyceride, Glycerin, Orbignya Oleifera Seed Oil, Dimethicone, Steareth-2, Squalane, Vitis Vinifera (Grape) Seed Oil, Cetearyl Alcohol, Steareth-21, Butylene Glycol, Sodium Polyacrylate, Maris Aqua (Sea Water), Propylene Glycol, Sodium PCA, Tocopheryl Acetate, Parfum (Fragrance), Chlorphenesin, Tromethamine, Phenoxyethanol, Spirulina Platensis Extract, Chlorhexidine Digluconate, Disodium Edta, Biosaccharide Gum-1, Carbomer, Hydrolyzed Pearl, Sodium Lactate, Plankton Extract, BHT, Laminaria Digitata Extract, Maris Sal (Sea Salt), Polysorbate 20, Gigartina Stellata Extract, Potassium Sorbate, Lactic Acid, Ci 15985 (Yellow 6), Palmitoyl Pentapeptide-4

HOW TO USE: In professional care, use according to the rules of the procedure.

At home use it daily, apply the cream in morning and/or evening onto clean and dry skin (face and neck) with light circular motions, until the complete absorption of the product.

CARE PRODUCTS FOR MATURE SKIN

VITAMIN RADIANCE SHAKER MASK

Ref. P00268A

For professional use 15 g

For home use 15 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- mature skin
- dull / tired skin

PRODUCT DESCRIPTION:

A shaker mask contains the patented BIOECOLIA® complex, aloe vera extract, extracts of acerola and goji berries, vitamins C and B6.

Working together, these ingredients help to even out skin tone and texture, stimulate the synthesis of collagen, correct wrinkles and protect the skin from premature aging caused by oxidative stress.

The result: the skin looks younger, and its tone is fresh and radiant.

EFFECTS & BENEFITS:

- provides the skin glow
- brightens and evens tone of the skin
- stimulates the synthesis of collagen, moisturizes, increases firmness and elasticity
- corrects existing signs of aging and prevents the appearance of new ones (superficial and deep wrinkles, hyperpigmentation)

ACTIVE INGREDIENTS

| | |
|--------------------------------|--|
| BIOECOLIA® PATENTED COMPLEX | A prebiotic is an oligosaccharide derived from natural sugars. It helps to create the necessary conditions for maintaining a healthy skin microbiome, and as a result, increases skin resistance and reduces excessive sensitivity and discomfort of the skin. |
| ALOE VERA EXTRACT | It is a valuable source of biologically active substances (contains essential oils, amino acids, minerals, vitamins, enzymes), but to the greatest extent its healing properties are provided by polysaccharides, namely polymannan (polymannose), or acemannan. Acemannan refers to polysaccharides that have a stimulating effect on the nonspecific immunity of the skin. A stimulant of nonspecific immunity increases the skin's resistance to infections, accelerates wound healing, and protects the skin from UV radiation. It has a pronounced soothing effect. Eliminates symptoms such as itching, irritation, redness and flaking. |
| ACEROLA BERRY EXTRACT | Acerola is a berry that is very rich in vitamin C (acerola contains 80 times more of it than an orange). A powerful antioxidant that protects cell membranes from destruction and neutralizes free radicals. It has regenerating and stimulating properties of collagen fiber synthesis. |
| GOJI BERRY EXTRACT | One of the main properties of the extract is its high antioxidant potential, thanks to which it protects the skin from the destructive effects of free radicals and helps prevent premature skin aging. It blocks the synthesis of melanin, helps to effectively deal with unwanted pigmentation and allows you to correct signs of fatigue. |
| VITAMIN C | It provides a powerful antioxidant effect, stimulates fibroblasts, increases the synthesis of collagen and elastin, improves skin immunity and its protective functions, accelerates mitosis of basal cells, normalizes melanin production, lightens hyperpigmentation and post-acne marks. |
| VITAMIN B6 | This vitamin plays an important role not only in our body, but also in our skin. Its stimulating effect allows you to ensure a radiant complexion and maintain youthful skin. |

INCI: Sucrose, Sodium Carboxymethyl Starch, Erythritol, Sodium Coco-Sulfate, Pyridoxine Hcl, Alpha-Glucan Oligosaccharide, Sodium Ascorbyl Phosphate, Aluminum Hydroxide, Aloe Barbadensis Leaf Juice Powder, Lycium Barbarum Fruit Extract, Maltodextrin, Parfum (Fragrance), Ci 15985 (Yellow 6 Lake), Malpighia Punicifolia (Acerola) Fruit Extract, Sodium Citrate

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it once a week, more often if necessary.

Pour 30/15 ml of water at 20°C in the shaker. Add 15/7,5 g powder. Close the shaker and shake vigorously for a few seconds until a gentle mousse is obtained. Immediately apply the product in a thick layer on the whole face and neck, avoiding the eye area. Leave on for 7-10 minutes. Remove the mask with a damp sponge, and then rinse with water.

CARE PRODUCTS FOR MATURE SKIN

PEEL-OFF MASK WITH HIBISCUS EXTRACT

Ref. H026

For professional use 30 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- mature skin
- skin with signs of age-related changes

PRODUCT DESCRIPTION:

Due to the content of the patented Myoxinol™ complex based on hibiscus extract, the mask, by blocking the transmission of nerve impulses, smoothes wrinkles, restores clear contours to the face, has powerful anti-aging and antioxidant effects.

EFFECTS & BENEFITS:

- provides a powerful anti-aging and antioxidant effects
- smoothes wrinkles
- strengthens and increases skin elasticity
- restores clear contours to the face

ACTIVE INGREDIENTS

| | |
|-------------------------------|---|
| MYOXINOL™ PATENTED COMPLEX | This innovative ingredient is an oligopeptide complex obtained by biotransformation of native proteins extracted from hibiscus seeds. This patented concept provides a real advance in anti-aging care by intervening the mechanical and biological processes of the skin. By blocking the transmission of nerve impulses, it weakens muscle contractions, thereby reducing the number and severity of facial wrinkles and folds. Having pronounced antioxidant properties, it prevents damage by free radicals, slows down the onset of age-related changes. |
| BROWN ALGAE EXTRACT /ALGIN/ | Algin is a natural polysaccharide extracted from brown seaweed. A gel-like substance with moisturizing, smoothing and oval-modeling effects. |

INCI: Diatomaceous Earth, Algin, Calcium Sulfate, Tetrasodium Pyrophosphate, Dextrin, Hydrolyzed Hibiscus Esculentus Extract

HOW TO USE: In professional care, use according to the rules of the procedure.

In a bowl, pour 90 ml of water at 20°C on the 30 g of powder. Mix vigorously until you obtain a homogeneous paste. Apply immediately to the face avoiding the eye contour area. Leave it act for 15 minutes. Remove it in one piece.

Precautions for use: Do not breathe dust. In case of eye contact, rinse with water.

CARE PRODUCTS FOR MATURE SKIN

CRYOGENIC PEEL-OFF MASK

Ref. H004

For professional use 30 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- mature skin
- all skin types, excluding sensitive one

PRODUCT DESCRIPTION:

This mask with cooling and tonic effects for skin care of any type. It is especially recommended for the care of mature skin, as well as for care of oily and combination skin. The mask pleasantly cools, tones, erases traces of fatigue and stress from the face, tightens pores, reduces puffiness, strengthens and increases the elasticity of the skin, restores clear contours to the face.

EFFECTS & BENEFITS:

- pleasantly cools, tones, and removes traces of fatigue and stress from the face
- reduces puffiness
- strengthens and increases the skin's elasticity
- restores clear contours to the face

ACTIVE INGREDIENTS

| | |
|-----------------------------|---|
| CRYSTALLIZED MENTHOL | Obtained by crystallization of the mint essential oil. It has a refreshing, mild analgesic and cooling effect, reduces the activity of the sebaceous glands, promotes blood outflow, facilitates drainage, circulation and muscle relaxation, promotes the elimination of toxins. |
| SPIRULINA | A microalgae of the Cyanophyceae class It grows naturally in the waters of alkaline lakes in tropical regions. Spirulina is rich in proteins, vitamins A and E, zinc and selenium. Having pronounced antioxidant properties, it helps to neutralize free radicals, slows down the onset of age-related changes and protects the skin from the destructive effects of harmful factors. |
| BROWN ALGAE EXTRACT /ALGIN/ | Algin is a natural polysaccharide extracted from brown seaweed. A gel-like substance with moisturizing, smoothing and oval-modeling effects. |

INCI: Diatomaceous Earth, Algin, Calcium Sulfate, Tetrasodium Pyrophosphate, Spirulina Platensis Powder, Menthol, Methyl Diisopropyl Propionamide

HOW TO USE: In professional care, use according to the rules of the procedure.

In a bowl, pour 90 ml of water at 20°C on the 30 g of powder. Mix vigorously until you obtain a homogeneous paste. Apply immediately to the face avoiding the eye contour area. Leave it act for 15 minutes. Remove it in one piece.

Precautions for use: Do not breathe dust. In case of eye contact, rinse with water.

CARE PRODUCTS FOR MATURE SKIN

RADIANCE PEEL-OFF MASK

Ref. H082

For professional use 40 g

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- mature skin
- dull skin/ skin with increased pigmentation

PRODUCT DESCRIPTION:

This mask based on a synergistic complex of saccharose and pea extract enables to reduce the skin pigmentation and the melanin formation, deeply moisturizes. It is suitable for all skin types, especially recommended for skin with problems of excessive pigmentation, dull, with signs of age-related skin changes. It has a cumulative skin tone smoothing effect.

EFFECTS & BENEFITS:

- corrects hyperpigmentation, normalizes melanin production
- revitalizes the skin, restores the skin's natural glow
- deeply moisturizes
- eliminates signs of dehydration: dryness, tightness and peeling
- has a cumulative skin tone smoothing effect
- restores clear contours to the face

ACTIVE INGREDIENTS

| | |
|--------------------------------|---|
| ACTIWHITE™ PATENTED COMPLEX | A synergistic complex of saccharose and pea extract that enables to reduce the skin pigmentation and also the melanin formation (in vitro tests). |
| PURPLE LOTUS EXTRACT | An aquatic plant native to southern Asia and Africa, the <i>Nymphaea lotus</i> , also called the purple lotus, is known for its astringent, cleansing and brightening properties. Purple lotus extract normalizes the process of melanogenesis and reduces pigmentation of any genesis. |
| VITAMIN C | It has a powerful antioxidant effect, stimulates fibroblasts, increases the synthesis of collagen and elastin, improves skin immunity and its protective functions, accelerates mitosis of basal cells, normalizes melanin production, lightens hyperpigmentation and post-acne marks. |
| MALTODEXTRIN | Maintains an optimal level of skin hydration for a long time. |
| WHITE CLAY | Kaolin has a cleansing, mild exfoliating, whitening, antioxidant effect, adsorbs sebum and toxins, saturates the skin with trace elements, disinfects. |
| BROWN ALGAE EXTRACT /ALGIN/ | Algin is a natural polysaccharide extracted from brown seaweed. A gel-like substance with moisturizing, smoothing and oval-modeling effects. |

INCI: Maltodextrin, Kaolin, Calcium Sulfate, Algin, Tetrasodium Pyrophosphate, *Nymphaea Lotus* Root Extract, *Oryza Sativa* (Rice) Starch, Parfum (Fragrance), Mica, Ascorbic Acid, Magnesium Oxide, Ci 77491 (Iron Oxides), Sucrose Dilaurate, Sodium Cocoyl Glutamate, *Pisum Sativum* (Pea) Extract

HOW TO USE: In professional care, use according to the rules of the procedure.

In a bowl, pour 60 ml of water at 20°C on the 40 g of powder. Mix vigorously until you obtain a homogeneous paste. Apply immediately to the face avoiding the eye contour area. Leave it act for 15 minutes. Remove it in one piece.

Precautions for use: Do not breathe dust. In case of eye contact, rinse with water.

CARE PRODUCTS FOR MATURE SKIN

APPLE STEM CELLS SHEET MASK

Ref. 1S63

For professional use 23 ml

For home use 23 ml

PRODUCT TYPE:

- mask

SKIN TYPE / CONDITION:

- mature skin
- skin with impaired tone and elasticity

PRODUCT DESCRIPTION:

The unique formula of the mask is designed to help the skin look younger in a short time, smooth out the length and depth of facial wrinkles. The mask, due to an innovative combination of highly effective ingredients, intensively moisturizes the skin, corrects existing signs of aging and prevents the appearance of new ones, provides a pronounced tightening and smoothing effect.

EFFECTS & BENEFITS:

- corrects existing signs of aging (superficial and deep wrinkles) and prevents the appearance of new ones, stimulates collagen synthesis, increases the firmness and elasticity of the skin
- deeply moisturizes and restores barrier and moisture-retaining functions of the skin
- instantly tightens the contours of the face, smoothing wrinkles, provides a pronounced lifting effect

ACTIVE INGREDIENTS

| | |
|---|--|
| SWISS APPLE STEM CELL EXTRACT A VARIETY OF UTTWILER SPÄTLAUBER | An innovative active ingredient that enhances the protective mechanisms of endogenous skin cells. Prevents the appearance of inflammatory mediators. Enhances the vitality of skin cells. Restores the protective barrier of the skin, strengthening the membranes of skin cells. It stimulates collagenogenesis. Reduces the severity of erythema and swelling after laser skin resurfacing and UV-ray irradiation. |
| OAT EXTRACT | It contains amino acids, vitamins A, B1, B2, PP, K, E, minerals (phosphorus, iron, cobalt, manganese), zinc and silicic acid. Instantly tightens the contours of the face, smoothing wrinkles, has a pronounced, long-lasting lifting effect. Improves the texture and elasticity of the skin, moisturizes it. |
| HYALURONIC ACID | It intensively moisturizes and restores the protective and moisture-retaining functions of the skin. It forms an air-permeable film on the skin, which makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss (TEWL), and has a lifting effect. |

INCI: Aqua (Water), Phenoxyethanol, Avena Sativa (Oat) Kernel Extract, Lysolecithin, Sclerotium Gum, Caprylyl Glycol, Chlorphenesin, Pullulan, Xanthan Gum, Sodium Hyaluronate, Tocopherol, Parfum (Fragrance), Sodium Phytate, Isomalt, Silica, Ethylhexylglycerin, Linalool, Pvp, Alcohol, Malus Domestica Fruit Cell Culture Extract, Sodium Benzoate, Lactic Acid

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, use it once a week, more often if necessary.

Open the sachet and unfold the mask. Apply the mask on cleansed skin. Hang the mask on the ears with the upper ear loops and then place the lower loops on the ears.

Leave for 15 minutes for exposure, then remove the mask and absorb the remaining serum with light massage movements.

! «FUNKY» VARIANT WITH THESE EAR HOOKS.
THIS SHAPE ALLOWS TO MAINTAIN AND STRENGTHEN THE LIFTING EFFECT.

CARE PRODUCTS FOR MATURE SKIN / ACTIVE SERUMS IN AMPOULES

ANTI-AGEING PEPTIDES CARE

Ref. AL9401

For professional use 10x3 ml

For home use 10x3 ml

PRODUCT TYPE:

- serum

SKIN TYPE/ CONDITION:

- mature skin
- skin in need of regeneration

PRODUCT DESCRIPTION:

ANTI-AGING & LIFTING & FIRMING

Thanks to the active ingredient complex, this serum have the targeted effect on increasing the skin firmness and elasticity; as a result, the skin in need of regeneration with diminished firmness appears firmer and more contoured when used regularly. The active ingredient complex contains Palmitoyl Tripeptide-1 and Palmitoyl Tetrapeptide-7. Both ingredients act specifically on the extracellular matrix of the skin by stimulating the skin's natural collagen and hyaluronic acid synthesis, thus improving its firmness and elasticity.

The skin regains elasticity, facial contours look more defined and the overall appearance more harmonious. Laminaria digitata extract protects against aging and even seems to work as a cellular rejuvenator, diminishes cellular aging markers.

EFFECTS & BENEFITS:

- provides a powerful anti-aging effect
- stimulates the formation of collagen and hyaluronic acid in the skin
- improves the skin firmness and elasticity
- starts regeneration processes
- protects against the harmful effects of free radicals

ACTIVE INGREDIENTS

| | |
|--|---|
| ASSOCIATION OF PALMITOYL TRIPEPTIDE-1 & PALMITOYL TETRAPEPTIDE-7 | This active ingredient is an association of 2 peptides: palmitoyl tripeptide-1 and palmitoyl tetrapeptide-7. Palmitoyl tripeptide-1 sends signals to cells about the need to take measures to regenerate the skin and stimulates them to increase the production of collagen and glycosaminoglycans. The peptide supports skin repair processes associated with sun damage, irritation, helps to reduce the depth of wrinkles and improve skin texture. Palmitoyl tetrapeptide-7 reduces the production of the signaling molecule interleukin-6 (IL-6), which contributes to the occurrence of inflammation. And the less inflammation there is, the slower the process of destruction of important structures for the skin, such as collagen, takes place. Due to this, the peptide helps to preserve youth and good skin quality for a long time. |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucins), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |
| GLYCERIN | A natural moisturizer obtained by hydrolysis of olive oil and fermentation of sugars. One molecule of glycerin is able to "bind" ten molecules of water. Glycerin, being an integral component of the hydrolipidic mantle of the skin, not only moisturizes, but also has a stabilizing effect on the barrier functions of the skin. Vegetable glycerin also has a mild "enveloping" effect that reduces the sensitivity of nerve endings, which is important for sensitive skin. |

INCI: Aqua (Water), Glycerin, Peg-40 Hydrogenated Castor Oil, Phenoxyethanol, Xanthan Gum, Butylene Glycol, Parfum (Fragrance), Laminaria Digitata Extract, Caprylyl Glycol, Chlorphenesin, Carbomer, Sodium Lactate, Polysorbate 20, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, Ci 14700 (Red 4), Linalool, Benzyl Salicylate, Hexyl Cinnamal, Hydroxycitronellal, Limonene

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

CARE PRODUCTS FOR MATURE SKIN / ACTIVE SERUMS IN AMPOULES

RAPID BEAUTY CARE

Ref. AF5109

For professional use 10x2 ml

For home use 10x2 ml

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- mature skin
- skin with impaired tone and elasticity

PRODUCT DESCRIPTION:

LIFTING & DEEP HYDRATION

This serum was designed for a quick "lifting effect". It contains extract of baobab, tree of life *Adansonia digitata*, and hyaluronic acid. The two active ingredients of the baobab extract act synergistically, restoring skin hydration and smoothing its relief: alpha-hydroxy acids (AHA) and natural sugars, components of the natural moisturizing factor (NMF). Instantly tightens the contours of the face, reduces the severity of wrinkles, and has a pronounced, long-lasting moisturizing effect. By forming a viscoelastic, breathable film on the surface of the skin, it restores its microrelief.

Hyaluronic acid provides instant and long-lasting skin hydration, restores the barrier and moisture-retaining functions of the skin, diminishes the visibility of dehydration-induced wrinkles and restores elasticity and firmness.

EFFECTS & BENEFITS:

- provides a lifting effect, instantly tightens the contours of the face
- has a pronounced, long-lasting moisturizing effect
- restores the barrier and moisture-retaining functions of the skin
- reduces the appearance of wrinkles caused by dehydration
- restores elasticity and firmness

ACTIVE INGREDIENTS

| | |
|-----------------|---|
| BAOBAB EXTRACT | The two active ingredients of the extract act synergistically, restoring skin hydration and smoothing its relief: organic acids (AHA) and natural sugars, components of the natural Moisturizing Factor (NMF). Instantly tightens the contours of the face, reduces the severity of wrinkles, has a pronounced, long-lasting moisturizing effect. By forming a viscoelastic, breathable film on the surface of the skin, it restores its microrelief.. |
| HYALURONIC ACID | High molecular weight hyaluronic acid (MW: 1-1.4 MDa) is obtained by fermentation using renewable resources. It intensively moisturizes and restores the protective and moisture-retaining functions of the skin. It forms an air-permeable film on the skin, which makes the skin smooth to the touch and protects it from the negative effects of the environment (wind, dust...), reduces transepidermal moisture loss (TEWL), and has a lifting effect. |

INCI: Aqua (Water), Peg-40 Hydrogenated Castor Oil, Phenoxyethanol, Hydroxyethylcellulose, *Adansonia Digitata* Pulp Extract, Caprylyl Glycol, Sodium Hyaluronate, Chlorphenesin, Sodium Benzoate, Xanthan Gum, Sodium Hydroxide, Potassium Sorbate, Disodium Phosphat, Sodium Phosphate, Polysorbate-60

HOW TO USE: In professional care, use according to the rules of the procedure.

At home, apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

BASIC MASSAGE PRODUCTS

PRODUCED IN FRANCE

BASIC MASSAGE PRODUCTS

MASSAGE CREAM-BALM

Ref. 2C0058B

For professional use 200 ml

PRODUCT TYPE:

- massage cream

SKIN TYPE / CONDITION:

- all skin types
- suitable for the care of sensitive skin

PRODUCT DESCRIPTION:

This massage cream balm with ultra-light melting texture and delicate floral aroma provides a comfortable long-lasting massage, soothes and softens the skin, strengthens the hydrolipidic mantle, nourishes and protects the skin from dehydration. It turns from cream into oil, which gradually melts on the skin, making it soft and satiny.

EFFECTS & BENEFITS:

- provides a gentle and long-lasting massage
- soothes and softens the skin
- strengthens the hydrolipidic mantle
- intensively nourishes the skin

ACTIVE INGREDIENTS

| | |
|----------------------------|--|
| MIMOSA WAX | Has a delicate floral aroma, intensively nourishes, softens and protects the skin. |
| JOJOBA WAX | Has a high penetrating power, restores damaged cells, softens and nourishes the skin. |
| BEES WAX | Has remarkable softening, nourishing and anti-inflammatory properties. Intensively nourishes and softens the skin, promotes the formation of the thinnest film on its surface, which "mends" the hydrolipidic mantle. |
| SOYBEAN OIL | It is obtained from ground soybeans by pressing or extraction. The most valuable component in its composition is lecithin (phosphatidylcholine). Lecithin is found in the tissues of all living organisms and is one of the main structural components of cell membranes, so it is perfectly compatible with the skin. This means that the skin can absorb lecithin, using it to build its own protective layer. It stimulates the active regeneration and renewal of epidermal cells, increasing the protective functions of the skin, relieves inflammation and irritation |
| LAMINARIA DIGITATA EXTRACT | Contains polysaccharides (alginic acid, laminarin, laminin, mannitol), amino acids, chlorophyll derivatives (chlorophyll A, chlorofucins), vitamins B1, B2, B12, C, iodine, macro and microelements (zinc, copper, titanium, silver, sodium, potassium, calcium, phosphorus). It protects mitochondrial DNA from damage, prevents pigmentation, prevents dehydration and premature aging of the skin, improves its metabolism and elasticity, has moisturizing, drainage and anti-inflammatory properties. |

INCI: Helianthus Annuus (Sunflower) Seed Oil, Caprylic/Capric Triglyceride, Aqua (Water), Polyglyceryl-3 Oleate, Cera Alba (Beeswax), Stearyl Behenate, Hydroxystearic/Linolenic/Oleic Polyglycerides, Hydrogenated Castor Oil, Jojoba Esters, Parfum (Fragrance), Helianthus Annuus Seed Cera (Helianthus Annuus (Sunflower) Seed Wax), Caprylyl Glycol, Chlorphenesin, Tocopherol, Chlorhexidine Digluconate, Glycine Soja (Soybean) Oil, Limonene, Acacia Decurrens Flower Cera (Acacia Decurrens Flower Wax), Polyglycerin-3, Laminaria Digitata Extract, Linalool, Citral, Phenoxyethanol, Potassium Sorbate, Acetic Acid

HOW TO USE: In professional care, use according to the rules of the procedure.

Apply the balm and gradually melt it on the skin by massaging gently. Perform a massage according to the chosen technique. Remove residual massage agent with a wet compress.

OUR ACTIVE SERUMS IN AMPOULES ARE DESIGNED TO ADDRESS PARTICULAR SKINCARE ISSUES AND THEY ARE A POWERFUL ADDITION TO ANY SKINCARE ROUTINE: AS AN AMPOULE TREATMENT FOR FACE AND DÉCOLLETÉ, THE VARIOUS HIGHLY CONCENTRATED INGREDIENTS CATER TO ALL OF YOUR SKIN'S NEEDS AND EVERY MOOD.

AMPOULES SETS

DEEP HYDRATION SET

Ref. AS1001

For professional use 10 ampoules

For home use 10 ampoules

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- very dry skin / dry skin
- skin with signs of age-related changes

PRODUCT DESCRIPTION:

The combination of four Hyaluronic Acid Care, four Moisturizing Complex and two Glycolic Acid Care in this set is your solution for an extensive surge of hydration. Elevate your skincare routine with these powerhouse formulas, creating a perfect base for luxuriously moisturized skin. Unveil a revitalized and radiant complexion with the Deep hydration set.

DEEP HYDRATION SET CONTAINS 10 AMPOULES:

- Ref. AG6105 HYALURONIC ACID CARE 0,07 FL.OZ. / 2 ml e - 4 pcs.
- Ref. AA6908 MOISTURIZING COMPLEX 0,10 FL.OZ. / 3 ml e - 4 pcs.
- Ref. AC4107 GLYCOLIC ACID CARE 0,10 FL.OZ. / 3 ml e - 2 pcs.

| DESCRIPTION | | |
|--|---|--|
| Ref. AG6105 HYALURONIC ACID CARE 0,07 FL.OZ. / 2 ml e | Ref. AA6908 MOISTURIZING COMPLEX 0,10 FL.OZ. / 3 ml e | Ref. AC4107 GLYCOLIC ACID CARE 0,10 FL.OZ. / 3 ml e |
| The serum is your go-to solution for an immediate, all-encompassing surge of hydration and calming. It contains hyaluronic acid and cotton extract. Hyaluronic acid provides instant and long-lasting skin hydration, restores the barrier and moisture-retaining functions of the skin, diminishes the visibility of dehydration-induced wrinkles and restores elasticity and firmness. Cotton extract softens and soothes sensitive skin, prevents irritation, improves the appearance of the skin, conditions, gives smoothness and a feeling of softness, freshness and comfort. | The serum is recommended for the care of dehydrated, dry, and damaged skin. Intensive hydration and instant revitalization of the skin through powerful active ingredients: cornflower flower extract, linden flower extract, hyaluronic and lactic acids. This serum is a treatment with a freshness boost for a vibrant, fresh complexion. In addition, it forms an invisible and soft film that protects the skin and maintains its balance. When used regularly, the serum reduces fine lines and wrinkles caused by dehydration. | This serum contains glycolic acid for effective and gentle exfoliation and hyaluronic acid for deep hydration of the skin. The dead skin cells at the surface of the skin can be dissolved and removed in a particularly gentle manner, without mechanical assistance, with the aid of this serum. The horny layer's moisture content is improved. Stimulation and acceleration of cell division and skin renewal. Areas of unevenness are smoothed. Blocked pores are cleansed. |
| ACTIVE INGREDIENTS | | |
| Hyaluronic Acid, Cotton Extract, Glycerin | Cornflower Flower Extract, Linden Flower Extract, Hyaluronic Acid, Lactic Acid, Glycerin | Glycolic Acid 5,37%, Hyaluronic Acid, Glycerin |
| INCI | | |
| INCI: Aqua (Water), Glycerin, Sodium Hyaluronate, Gossypium Herbaceum (Cotton) Extract, Caprylyl Glycol, PEG-40 Hydrogenated Castor Oil, PEG/PPG-18/18 Dimethicone, Chlorphenesin, Phenoxyethanol | INCI: Aqua (Water), Glycerin, PEG-7 Glyceryl Cocoate, PPG-1-PEG-9 Lauryl Glycol Ether, Phenoxyethanol, Caprylyl Glycol, Sodium Hyaluronate, Disodium EDTA, Chlorphenesin, Parfum (Fragrance), Propylene Glycol, Lactic Acid, Sodium Hydroxide, Centaurea Cyanus Flower Extract, Tilia Platyphyllos Flower Extract, Citric Acid, Potassium Sorbate, Sodium Benzoate | INCI: Aqua (Water), Glycolic Acid, Glycerin, PPG-1-PEG 9 Lauryl Glycol Ether, Sodium Hyaluronate, Parfum (Fragrance), Caprylyl Glycol, Disodium EDTA, Ammonium Hydroxide, Sodium Hydroxide, Phenoxyethanol, Chlorphenesin, CI 42090 (Blue 1), Linalool, Citronellol, Geraniol, Hexyl Cinnamal, Limonene, Hydroxycitronellal |

HOW TO USE for Hyaluronic Acid Care & Moisturizing Complex: At home, use every day. Apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

HOW TO USE for Glycolic Acid Care: At home, use twice a week, in the evening.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean and dry skin. Allow to work in for approximately 5 - 10 minutes. Massage briefly with moist fingertips and remove surplus with sponge and plenty of cool water. Leave out the eye area. External use.

IN PROFESSIONAL CARE, use serums according to the rules of the procedure.

EXPRESS RECOVERY SET

Ref. AS4004

For professional use 10 ampoules

For home use 10 ampoules

PRODUCT TYPE:

- serum

SKIN TYPE / CONDITION:

- mature skin
- skin in need of regeneration

PRODUCT DESCRIPTION:

This set is designed for skin with diminishing firmness and loss of contour. Over the years, the skin loses more and more elasticity, causing the facial contours to lose definition. The serums in this set were selected to give more firmness and elasticity to the skin, so that the facial contours appear more defined again.

EXPRESS RECOVERY SET CONTAINS 10 AMPOULES:

- Ref. AL9401 ANTI-AGEING PEPTIDES CARE 0,10 FL.OZ. / 3 ml e - 4 pcs.
- Ref. AF5109 RAPID BEAUTY CARE 0,07 FL.OZ. / 2 ml e - 4 pcs.
- Ref. AC4107 GLYCOLIC ACID CARE 0,10 FL.OZ. / 3 ml e - 2 pcs.

| DESCRIPTION | | |
|--|---|--|
| Ref. AL9401 ANTI-AGEING PEPTIDES CARE 0,10 FL.OZ. / 3 ml e | Ref. AF5109 RAPID BEAUTY CARE 0,07 FL.OZ. / 2 ml e | Ref. AC4107 GLYCOLIC ACID CARE 0,10 FL.OZ. / 3 ml e |
| Thanks to the active ingredient complex, this serum have the targeted effect on increasing skin firmness and elasticity; as a result, skin in need of regeneration with diminished firmness appears firmer and more contoured when used regularly. The active ingredient complex contains Palmitoyl Tripeptide-1 and Palmitoyl Tetrapeptide-7. Both ingredients act specifically on the extracellular matrix of the skin by stimulating the skin's natural collagen and hyaluronic acid synthesis, thus improving its firmness and elasticity. | This serum was designed for a quick "lifting effect". It contains extract of baobab, tree of life Adansonia digitata, and hyaluronic acid. The two active ingredients of the baobab extract act synergistically, restoring skin hydration and smoothing its relief: organic acids (AHA) and natural sugars, components of the natural Moisturizing Factor (NMF). Instantly tightens the contours of the face, reduces the severity of wrinkles, and has a pronounced, long-lasting moisturizing effect. By forming a viscoelastic, breathable film on the surface of the skin, it restores its microrelief. | This serum contains glycolic acid for effective and gentle exfoliation and hyaluronic acid for deep hydration of the skin. The dead skin cells at the surface of the skin can be dissolved and removed in a particularly gentle manner, without mechanical assistance, with the aid of this serum. The horny layer's moisture content is improved. Stimulation and acceleration of cell division and skin renewal. Areas of unevenness are smoothed. Blocked pores are cleansed. |

| Thanks to the active ingredient complex, this serum have the targeted effect on increasing skin firmness and elasticity; as a result, skin in need of regeneration with diminished firmness appears firmer and more contoured when used regularly. The active ingredient complex contains Palmitoyl Tripeptide-1 and Palmitoyl Tetrapeptide-7. Both ingredients act specifically on the extracellular matrix of the skin by stimulating the skin's natural collagen and hyaluronic acid synthesis, thus improving its firmness and elasticity. | Association of Palmitoyl Tripeptide-1 & Palmitoyl Tetrapeptide-7, Laminaria Digitata Extract, Glycerin | INCI: Aqua (Water), Glycerin, PEG-40 Hydrogenated Castor Oil, Phenoxyethanol, Xanthan Gum, Butylene Glycol, Parfum (Fragrance), Laminaria Digitata Extract, Caprylyl Glycol, Chlorphenesin, Carbomer, Sodium Lactate, Polysorbate 20, Palmitoyl Tripeptide-1, Palmitoyl Tetrapeptide-7, CI 14700 (Red 4), Linalool, Benzyl Salicylate, Hexyl Cinnamal, Hydroxycitronellal, Limonene |

| Ref. AF5109 RAPID BEAUTY CARE 0,07 FL.OZ. / 2 ml e | | |
| This serum was designed for a quick "lifting effect". It contains extract of baobab, tree of life Adansonia digitata, and hyaluronic acid. The two active ingredients of the baobab extract act synergistically, restoring skin hydration and smoothing its relief: organic acids (AHA) and natural sugars, components of the natural Moisturizing Factor (NMF). Instantly tightens the contours of the face, reduces the severity of wrinkles, and has a pronounced, long-lasting moisturizing effect. By forming a viscoelastic, breathable film on the surface of the skin, it restores its microrelief. | Baobab Extract, Hyaluronic Acid | INCI: Aqua (Water), PEG-40 Hydrogenated Castor Oil, Phenoxyethanol, Hydroxyethylcellulose, Adansonia Digitata Pulp Extract, Caprylyl Glycol, Sodium Hyaluronate, Chlorphenesin, Sodium Benzoate, Xanthan Gum, Sodium Hydroxide, Potassium Sorbate, Disodium Phosphat, Sodium Phosphate, Polysorbate-60 |

HOW TO USE for Glycolic Acid Care: At home, use twice a week, in the evening.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean and dry skin. Allow to work in for approximately 5 - 10 minutes. Massage briefly with moist fingertips and remove surplus with sponge and plenty of cool water. Leave out the eye area. External use.

HOW TO USE for Moisturizing Complex, Hyaluronic Acid Care, Calendula Care, Zinc Gluconate Care & Anti-Ageing Peptides Care: At home, use every day. Apply in morning and/or evening to a thoroughly cleansed face, neck and décolleté.

Wrap a tissue around the neck of the ampoule, grasp it firmly, and with a sharp movement snap it open at the whitish ring. Pour the serum into the palm of your hand and then smooth over your face, neck, and décolleté on perfectly clean skin. Pat it gently into the skin. Follow with an application of skincare cream. External use.

IN PROFESSIONAL CARE, use serums according to the rules of the procedure.
